

Technical sheet

Ref. 030364

L 80 mm spindle axis for rafter 50mm max -10 units

Anchor fasteners allow the anchors to be laid on the cover in a compliant and resistant manner.

FEATURES

Successfully passing the EN 795 and EN 517 resistance tests, this DIMOS axis offers the best cross-fastening guarantee of the structure. Its design prevents the support from bursting and strengthens it at the point of attachment instead of weakening it like other types of fasteners.

SPECIFICATIONS

Lenght (mm)	90
Width (mm)	50
Height (mm)	60
Weight (kg)	0,14

Technical description

For rafter 50 mm wide

Actions : To work safely

Trades : Slate / Framework / Tile
